

Chicago LEPC Meeting

March 2018 - Meeting Minutes

Date: Tuesday, March 13, 2018

10:00 AM to 12:00PM

Location: OEMC, 1411 W. Madison Avenue, Chicago

- Dan O'Connell moved to approve the December meeting minutes seconded by John Plante
- Terry gave an update on Tier II
 - Alvin is uploading all hard copies
 - All hard copies being sent to other places need to make it to Alvin to get close to complete list of submissions
 - Individuals will update info through portal
 - Will need a back door through CP3 and FIMS
 - New platform will be more efficient
 - Possible small committee meeting needed for task order/ to get validation for LEPC (end of April/last week of April with Dan, Natalie, Kevin, Tom, and Jamar – Sivak to send email invite)
- Kevin gave an update on CP3
 - After NATO all buildings wanted into Tier II
 - Initial database was on older platform
 - New platform will be running mid April with no hiccups
 - Each current user can go to new one with all info already input
 - Major addition this year is color coded sections so users can see where they have not updated
- Web-Site update – on behalf of Dr. Wong, the website is constantly being updated
- LEPC Funding – on behalf of Natalie, grants are working through task order process- focusing on all modes of transportation with the exception of air
 - Add to committee meeting end of April

- Chiefs Lyman and Sullivan had a general discussion on the HazMat at Prairie Materials (3000 S California)
- TRIPR – There was a general discussion about a crude oil issue in Oak Forest approx. 6 month ago
 - Chief Lyman commented it will not work in an urban setting
 - Trying to get it through CFD chain of command for training
 - May have better response if sponsored by OEMC as to mandatory training
- New Business:
 - John Plante – IASMA motor carrier moving from city to state
 - Amendment proposed to allow drivers to drive longer and trucks to carry heavy. Will provide update at next meeting
 - Dan – IEMA conference in September looking for subjects to discuss
 - Asked the room to think of some and send through LEPC
 - Cook CO LEPC – 3/14/18 at Bedford Park Library
 - FEMA homeland security conducted presentation and certification
 - General discussion about a science teacher who reported a mercury spill from some thermometers – turns out they were alcohol
 - Jamar informed everyone on July 23-27 there will be a full scale exercise in Illinois with State Police, MABAS, CFD, and CPD
 - Location in Chicago will be 533 W Harrison
 - Possible earthquake scenario that will morph into other things
 - Looking for participants and observers
